

BICS Partners With Hanhaa for Launch of Cross Border Parcel Tracking Service - ParceLive

March 30, 2017 PR Newswire
03:00 AM ET

BRUSSELS, March 30, 2017 /PRNewswire/ --

BICS, a leading international communications enabler, today announced a partnership with Hanhaa, an Internet of Things and M2M services company, to provide global connectivity for Hanhaa's new ParceLive parcel tracking service. The service will give users key insights into their packages' location, condition and security, helping to improve performance of delivery across the globe.

With the interminable rise of Internet delivery services, speed, transparency and the safety of goods become increasingly pertinent. The ParceLive tracking service will update users on shipments no matter the country or carrier. It also allows analysis based on multiple shipments so as to understand what is happening across an entire supply chain.

BICS' global data, SMS and roaming services will enable Hanhaa Mobile, Hanhaa's own mobile network, to ensure seamless connectivity to ParceLive trackers across the world. Thanks to BICS' support, Hanhaa will be able to take ownership and control of its network to offer a seamless, global service at scale for its ParceLive business.

ParceLive's unique use and return model provides insight into entire networks without the need for any additional infrastructure. The small size ParceLive trackers incorporate multiple functionalities including sensitivity to moisture, impact and a GPS. The ParceLive trackers are then simply returned by the recipient so that the devices be recalibrated and reused.

"Our ambition for ParceLive has always been to provide the most detailed, current and useful information across the globe," said Christopher Riley, Marketing Coordinator at Hanhaa. "With the help of BICS, that ambition becomes a reality as it ensures that the ParceLive trackers are well connected wherever they go, whatever happens to them."

"BICS global roaming and messaging services were made to enable IoT solutions like ParceLive. In our increasingly connected world, communication is key, which makes seamless connectivity paramount," said Mikael Schachne, VP Mobility Solution at BICS. "We are confident that our data services and cross-border functionality will ensure that Hanhaa's global parcel tracking solution works flawlessly."

About BICS

BICS is recognized in the wholesale communications market as a top global voice carrier and the leading provider of mobile data services. We aim at bridging the telecom world with the new unconventional communication providers worldwide.

Merrill Edge, available through Merrill Lynch, Pierce, Fenner & Smith Incorporated ("MLPF&S"), consists of Merrill Edge Advisory Center (investment guidance) or self-directed online investing.

Banking products are provided by Bank of America, N.A. and affiliated banks, Members FDIC and wholly owned subsidiaries of Bank of America Corporation.

Merrill Lynch Life Agency Inc. and MLPF&S, a registered broker-dealer and Member Securities Investor Protection Corporation (SIPC), are wholly-owned subsidiaries of Bank of America Corporation.

Investing in securities involves risks, and there is always the potential of losing money when you invest in securities.

The performance data contained herein represents past performance which does not guarantee future results. Investment return and principal value will fluctuate so that shares, when redeemed, may be worth more or less than their original cost. Current performance may be lower or higher than the performance quoted. For performance information current to the most recent month end, please contact us.

Returns include fees and applicable loads. Since inception returns are provided for funds with less than 10 years of history and are as of the fund's inception date. 10 year returns are provided for funds with greater than 10 years of history.

Before investing consider carefully the investment objectives, risks, and charges and expenses of the fund, including management fees, other expenses and special risks. This and other information may be found in each fund's prospectus or summary prospectus, if available. Always read the prospectus or summary prospectus carefully before you invest or send money. Prospectuses can be obtained by contacting us.

Expense Ratio – Gross Expense Ratio is the total annual operating expense (before waivers or reimbursements) from the fund's most recent prospectus. You should also review the fund's detailed annual fund operating expenses which are provided in the fund's prospectus.
